Dear Brian

Re: Testimonial with regard to growth of 1PCS Ltd

This is the second time that I have written a letters of thanks for service provided. However my on-going experiences using your companies expertise in the telecommunications industry with advice and suggestion to help us obtain the best service, has continued to be exceptional.

Firstly, in my business we deal with many clients and suppliers. Our clients range from Argos, ITV, Birmingham LEA, ANC National as well as many small to medium size businesses. Regardless of their sizes they all expect work done in a timely fashion to the highest standards at a sensible price.

Secondly, having experienced this same service from yourself, I would have no hesitation in whole-heartedly, recommending you and your Company to any family, friend and other Businessmen.

Thirdly, I have had contact with virtually every member of your staff with regard to all their different areas of expertise, and I have to say they do themselves and DBFB Communications proud. In actual fact I just like popping in to say hello from time to time as everyone always make me feel so welcome.

Thank you so very much.

Yours sincerely
